MOBILIZATION OF TROOPS

San Antonio, Texas, April 10.—Appropriation by Congress of one million dollars to defray the expenses of mobilization of United States and state troops this summer and fall insures the several big maneuvers previously ordered. Of these one of the largest is ordered for July at Leon Springs, the government reservation just north of this city a few miles. Here in July will be mobilized all of the regular troops in the Department of Texas, and the state troops of New Mexico, Oklahoma, Arkansas, Louisiana, and probably Mississippi. It is estimated that between fifteen and twenty thousand men will be in camp at that time. Leon Springs is situated in the mountains, and is possessed of an abundant water supply. Military critics pronounce it one of the best places in the country for maneuvers. It has a magnificent target range and is admirably adapted for a sanitary and pleasant camp.

ACCEPTS RULING.

Texas Health Wires the Surgeon General to That Effect.

Austin April 10.—State Health Officer Brumby wired Surgeon General Wyman that the Texas health department has accepted his ruling as to quarantine of passengers from Havana leaving there for United States ports. Dr. Brumby also wired all Texas quarantine officers to accept such Federal certificates from passengers. This ruling of the surgeon general is that

SURGEON GENERAL WALTER WYMAN.

all passengers leaving Havana must report to the medical officers of the government six successive days before they can go aboard ship. Governor Magoon of Cuba objected to this arrangement, but the health authorities of several southern states were firm in the matter, which resulted in Dr. Wyman's ruling.

TEMPORARY INJUNCTION.

Judge Calhoun Does This In Case of a Houston Company.

Austin, April 10.—District Judge Calhoun granted a temporary injunction in the case of the Guarantee Life Insurance company of Houston against Insurance Commissioner Love. This temporary writ enjoins defendant Love or his agents from in any way interfering with plaintiff insurance company or its agents in writing or selling special board contracts of insurance. It also enjoins the commissioner from revoking the permit of the company pending full hearing of the case. The court did not pass on any issues involved except as to the sufficiency of the sworn petition of the plaintiff.

DEATH THEIR PORTION.

Haskell and Ledbetter to Die and Muskogee Doomed.

Muskogee, Okla., April 10.—Governor Haskell and Chief of Police Ledbetter are to be assassinated and Muskogee is to be burned to the ground, according to a Black Hand letter received at the office of the New State Tribune, a weekly paper, owned by the governor. The letter was addressed to the governor. The writer claimed that the negroes of the state and Muskogee in particular resented the fight that was being made on their race by Haskell and Ledbetter and that they are to be assassinated within a few days.

The negroes are up in arms over the activity of the state officials and Ledbetter, the latter being looked upon as the worst enemy they have in the state. Ledbetter, who Tuesday was sworn in as chief of police, ordered all the negroes who have no visible means of support out of the city, and he followed this up by arresting thirty of them Thursday and putting them to work on the streets. Ledbetter is a dead shot and killed fourteen negroes while acting as United States marshal.

This is Governor Haskell's town and the objection to him is that he favored the Jim Crow law.

Injuries Prove Fatal.

Denison, April 10.—S. M. Decora, a Katy brakeman, died from injuries received at Pottsville.

MEXICAN REVOLUTIONISTS

San Antonio, Texas, April 10.—San Antonio is again the center of an attempted Mexican revolutionary movement. Hand bills are being circulated throughout the Mexican quarters denouncing the government of President Diaz and calling upon the Mexican citizens of the United States to organize mass meetings and to protest against the extradition of Saraba and several of his companions who are now confined in jail at Los Angeles, California. Saraba is the editor and publisher of a newspaper called "El Revolucion" which was published for a while in San Antonio but was driven out by the officials, moved to St. Louis where it was forced to suspend, and then to Los Angeles where the publishers landed in jail. It is said this paper will be resumed either in Austin or San Antonio. Secret service agents of the United States as well as of the Mexican Government are here watching the situation.

San Antonio has been made the base of a number of attempted revolutionary movements. A few months ago agents of some Central American country were here trying to organize a filibustering expedition out of discharged soldiers of the United States army, but that effort was nipped as this one undoubtedly will be.

OF UNUSUAL INTEREST.

Deals With the Matter of Equal Railway Accommodations.

Washington, April 10.—The interstate commerce commission expects soon to hold a case of great interest in connection with the letter sent by President Roosevelt to the department of justice in regard to enforcing laws requiring equal accommodations for negro and white passengers. The case is that of five bishops of the African Methodist Episcopal church against four large railroads of the south and the Pullman company. Inferior accommodations for passengers of African race, refusal of sleeping car and dining car facilities and other alleged discriminations constitute the grounds for complaint.

The complaint, while aimed at all railroads operating in the south, is made directly against the Seaboard Air Line railway, Richmond, Fredericksburg and Potomac Railroad company, Southern railway, Central of Georgia Railway company and Pullman company, all of whom practically denied the charges in the complaint made by the bishops.

A petition from the general conference of the African Methodist Episcopal church accompanies the complaint.

WELL RECEIVED.

Arbitration Treaty Finds Favor With Citizens of Great Britain.

London, April 10.—The arbitration treaty between America and Great Britain, the text of which has been cabled over from America, has been well received here. Politicians, particularly those interested in colonial affairs, welcome the clause under which Great Britain reserves the right, before concluding an agreement on any matter affecting a self-governing dominion, to obtain the concurrence therein of this dominion. This clause, it is pointed out by colonial officials, is a tardy acknowledgment of the importance of the colonies and a wise departure from the old method of negotiating with respect to colonial affairs without consulting the interests of the colonies, a course which heretofore has led to dissatisfaction on the part of the colonies.

There is also favorable comment on the reservation that agreements made under this treaty shall not be binding until they have been confirmed by the two governments concerned by an exchange of notes. This clause is considered necessary in view of the obligation to submit American agreements to the senate for ratification.

GOT TIRED AND QUIT.

Knew Nothing of World Before Entering It and No Idea of Next.

Poughkeepsie, N. Y., April 10.—The following statement was found on the bureau of the room in which Colonel W. I. Delacey, a prominent lawyer and civil war veteran, ended his life by inhaling gas:

"For the past two years I have moralized, contemplated and fully determined upon this course. I have thought nature before this would have become exhausted, but I seem to have too much of the elements of nature; I am like the old gambler who simply got tired of the game and quit. Life is but a game and I am tired of it and quit, so please spread the mantle of charity over me. I do this in a perfectly sane and sober moment, without knowledge or thought of where I am going. I had no thought of this world before I came into it and I have no idea of the next. Theories count naught with me. I neither believe in transmigration, transubstantiation, nor transfiguration. I am not an orthodox. I believe in a creation and a creator, but who he is, what he is, or where he is I know not, nor I don't think anybody else does. I humbly ask the forgiveness of those whom it may fall upon to look after my carcass and put it beneath the ground."

In addition to the five Reports of Condition that are published and the two Personal Examinations made by Special Officers each year,

A national Bank with a responsible list of Shareholders—all home people—all well known—all identified with the best interests of the Town and County in which the Bank is located should naturally receive preference over a National Bank with shareholders scattered all over the State, many of them with no interest in the town or county, save to draw their dividends and take the money from your midst.

Our list of Shareholders have been published from time to time and every Dollar of our Earnings has been kept at Home and today is being loaned to our Farmers and Merchants.

ANNOUNCEMENTS.

The Eagle is authorized to announce the following candidates for the offices indicated subject to the Democratic Primaries July 25, 1908:

For Congress Sixth District:
RUFUS HARDY (Re-election).

For Sheriff,
J. D. CONLEE.
GEO. R. WICKER.

BRYAN, TEXAS, APRIL 11, 1908.

Yon Yonson says he is not seeking the nomination. Perhaps so, but he keeps busy telling the nomination where it can find him.

Some philanthropic nation may have to go in and establish a government in Portugal; but let somebody else do it, Uncle Sam has too many irons in the fire now.

Governor Hughes scolded the New York legislature for refusing to pass his pet anti-race-track bill and the legislature, in effect, retorted that he had better mind his own business.

Between threatening Hayti, shaking the big stick at Castro, making races at the anarchists and trying to make up with the disgruntled negroes Teddy is kept pretty toler'ble middlin' busy.

Forty-three years ago today many of the Confederate soldiers, including the writer, heard of the surrender of Gen. Lee with the remnant of his army at Appomattox. It seemed to us then like the end of the world, had come.

The president of the company owning the Austin Statesman who has been absent from the State, and recently returned, has published a signed statement repudiating editorials published in that paper. The editor, W. M. Luboden who has also been on the stump for Bailey, appears to have a controversy of his own on hand.

The latest from Tennessee is that "the contest for the Democratic nomination for governor will soon begin in earnest." Great Scott! We hoped it was nearly over. Texas thinks she has some experts in the use of epithets, but they can't hold a candle to Carmack and Patterson.

Ever fellow, especially newspaper fellows, insists that his own is the best town on the map. Of course, there is only one best town, and that's Bryan, but as long as the other benighted, deluded fellows think their towns are the best it is all right for them to say so, and to say it out loud enough for all the world to hear.

GROWING INTEREST IN REVIVAL.

Upper Grades of Public School, Allen Academy and T. W. C. Students Attend in Solid Bodies.

Evangelist Compton in his sermon Thursday night continued the discussion of objections. First he addressed his remarks to those carping critics who have so much to say about the imperfections of the church. Nobody claims that either the church or any part of its members are perfect, but after all is said every candid person must admit that it is the nearest perfect of any organization on earth. All the hypocrites are not in the church. If you want to avoid the society of hypocrites take care to keep out of hell, for that will be finally be the home of all of them. He then spoke of other objections with equal force and effect. Owing to some other engagements the services were closed at an early hour.

Yesterday morning the service was especially for young people, and by special invitation the pupils of the High school, of Allen Academy and of Texas Woman's College were in attendance. The sermon was based on Isaiah's declaration that "all we like sheep have gone astray, and the Lord hath laid on him the iniquity of us all." It was a most earnest and successful appeal to the hearts of the youths and maidens, showing that rejecting Christ was the most heinous of all sins. The beauty and sublimity of a holy life was presented and illustrated by many examples. At the close Dr. Compton first invited the older christians and then the younger to come around the pulpit. Into the semicircle thus enclosed he called up those unsaved to come. A much larger number responded than at any of the former services. A young hero of the cross did valiant service among his fellow students of the Academy, leading them up to the altar in squads. Among the dozens who presented themselves as penitents four made profession of their faith and united with the church.

There were nineteen additions to the church up to yesterday afternoon. There were seven more additions to the church last night, making a total of 26.

EIGHTY-NINTH BIRTHDAY.

The eighty-ninth birthday of "Grandma" Lawrence was celebrated with a tea for the benefit of the Methodist church yesterday afternoon at their home of Mr. and Mrs. Jno. M. Lawrence. As on previous occasions, "Grandma's tea" was a notable social success and drew together scores of her devoted friends. Handsome floral decorations made more lovely the beautiful home, and a magnificent birthday cake was cut in the dining room. Grandma was eighty-nine years old, and it is a matter of great satisfaction to relatives and friends alike that despite the fact that she has traveled almost a century on the journey of life, she is yet in the enjoyment of remarkable activity of body and mind. Rev. J. B. Turchurch, paid a pleasing tribute to Grandma and her long and useful life. A nice sum was realized for the church fund.

BIG SUIT WAS REVERSED.

That of Bryan Press Company vs. the H. & T. C. Railroad, and Growing Out of the Compress Fire.

Information was received yesterday that court of civil appeals in session at Texarkana has reversed and remanded the suit of the Bryan Press Co., growing out of the compress fire. This case was tried in the Brazos county district court at the March term a year ago, and resulted in a verdict for the defendant railroad company, and was later appealed with the result above mentioned. The amount involved in the suit is something over thirty thousand dollars. Other suits of cotton firms growing out of the same fire, and which have not yet been passed upon by the lower court, amount to about one hundred and twenty thousand dollars in the aggregate, making the whole amount involved in litigation as a result of the fire about one hundred and fifty thousand dollars. The final result of the press company suit will of course have an important bearing on all the cases.

BATTE-TOWNSEND.

On last Tuesday evening the wedding bells chimed their sweet music in honor of the marriage of Mr. T. R. Batte Jr. and Miss Bertha Stovall Townsend.

The spacious reception hall and parlor of the bride's home in Belton, where the happy event took place were a perfect dream of loveliness. A bank of ferns and white carnations formed a beautiful altar near the center, while clusters of white and pink roses decorated other parts of the room.

Before the arrival of the bridal party Miss Beryl Smith sang in a very sweet and impressive manner, which put the hearts of all present in harmony with the beautiful sentiment of the occasion.

The bridal party was composed of former classmates of the bride, with the exception of Mr. R. S. Webb Jr., of Bryan, and Miss Etta King, a sister of the bride.

Nine young ladies, singing the bridal chorus from Lohengrin, by Wagner, led the bridal party. Next came eight little girls, carrying white ribbons with which they formed at the altar.

From the right came the four bridesmaids, two in white net, over pink satin and two in white chiffon, carrying pink and white carnations. They were followed by the bride alone, who passed between her maids, joined the groom at the altar; he having entered from the left with the best man, Mr. R. S. Webb Jr., of Bryan. They were preceded by Rev. W. A. Wilson, president of Baylor Female College.

As the groom joined the bride at the altar the chorus ended, and Rev. Townsend, father of the bride, officiated with the beautiful ceremony of the ring. Pres. W. A. Wilson pronounced the benediction, after which the chorus sang, the bride and groom, followed by the best man, the maid of honor, Miss Etta King, of Belton, the bride's sister, and the bridesmaids, ministers, ribbon girls, marched from the room. After congratulations the bridal party left on the midnight train for Bryan.

The bride is the lovely daughter of Rev. and Mrs. E. G. Townsend of Belton. She was educated at Baylor Female College and spent most of the past year in Bryan as city missionary of the First Baptist church. By the sweetness of her disposition, loveliness and devoted heart and the only regret is that she and her young husband have elected to live in Kansas City instead of Bryan.

Mr. Batte is a son of Mr. and Mrs. T. R. Batte of this city and was born and raised in Bryan. He is a graduate of the Bryan High School and the A. and M. College and has met with success throughout the country in his profession as a civil engineer. He is a young man of integrity, industry, and christian worth.

Capt. B. H. Reeves of Manor is the guest of Mr. and Mrs. Guy Rittle.

Work on the one-story building south of the Exchange Hotel is progressing. The building is to be fitted up handsomely for J. W. Hamilton's bar. As previously announced in the Eagle the building now occupied by him will be made two stories high with pressed brick and plate glass front, to be used by Wilson & Derden.

CITY COUNCIL MEETING.

Old and New Boards of Aldermen Hold Sessions—School Board Members—Committees.

The city council met at 4 p. m. yesterday with Mayor J. E. Butler presiding and routine business was disposed of in the usual way.

The report of City Secretary Frank Clark showed the following trial balance of the various funds up to and including April 8:

A transfer was made from the tax and fine fund to the street appropriation fund to cover overdraft. This leaves a cash balance in all funds turned over by the old to the new administration.

The returns of the city election were canvassed, the new officers sworn in by Mayor Butler. The new council took charge with Mayor Maloney presiding.

Alderman Saunders reported the result of the investigation of public buildings as to safety and the recommendations regarding the opera house, which have been published in the Eagle, the design being to make egress easy in case of fire. Aldermen Saunders and Covey were named as a committee to get estimates on the cost of side galleries and stairs for the opera house, using all the windows for egress when necessary.

Aldermen Covey and Brandon were appointed on new city park committee instead of Messrs Butler and Batts. C. C. Shelburne was employed Deputy Marshal and Street Commissioner. Jno. M. Lawrence, E. J. Jenkins and M. P. Dansby were re-elected members of the school board.

W. E. Saunders was elected mayor pro tem. The mayor announced the appointment of the following standing committees:

Finance—Saunders and Fountain.
Street—Covey and Derden.
Fire—Brandon and Covey.
Water and Lights—Derden and Saunders.

Cemetery—Fountain and Brandon.
Alderman Covey secured the short term, succeeding Alderman Priddy, resigned.

"BECAUSE I LOVE YOU."

Another Splendid Home Talent Attraction Given Last Night Under the Direction of M. S. Blackburn.

Another pretty four act society comedy was presented at the opera house last night under the direction of Mrs. M. S. Blackburn, and the auspices of St. Andrew's guild. As will be seen below the cast was for the most part the same as those who took part in the two performances of Barrington Hall, which established their ability and popularity. The new members also did splendid work last night, and the effect was infinitely pleasing.

The play, one of Nat Goodwin's successes, is even better than Barrington Hall, and is brimming with comedy and full of snap and go. It unfolds good love story, and gives opportunity for much good character work. The large audience was well pleased last night, and the talented cast has won fresh laurels.

Mr. Blackburn has been especially successful in putting on amateur performances in many Texas towns, and he and his wife have made many friends during their stay here. It is needless to say they will be extended a cordial welcome whenever they choose to return to Bryan.

The College band was present and gave a creditable parade in the afternoon and furnished splendid music at night.

DEDICATE MINNESOTA MONUMENT.

Pittsburg Landing, Tenn., April 10.—The handsome memorial erected in honor of the Minnesota soldiers who fought and fell on the battlefield of Shiloh was dedicated today with impressive ceremonies and in the presence of a large delegation of distinguished visitors from the North. Governor Johnson, attended by Adjutant General Wood and the governor's staff, was present and delivered the oration of the day. The monument is of handsome design and occupies a conspicuous place among the various State and regimental memorial that have been erected on the famous battlefield.

IDEAL AGRICULTURAL COLONY.

San Antonio, Texas, April 10.—At Falfurrias in Starr County south of this city is a colony of young college men who have abandoned professional life and returned to the soil to earn a livelihood. This colony numbers some twelve or fourteen, several of whom were trained in scientific agriculture in the Agricultural and Mechanical College of Texas. These act as tutors to their fellows in this interesting agricultural experiment. Splendid results have been achieved by these young men and it is largely through their initiative and energy that the agricultural possibilities of that locality have been demonstrated; as a result, in about four years, from nothing has grown up a town of 4000 people. They are the chief owners in the cotton gin, bank, mercantile establishment, electric light company, telephone company, and have made this new town from what it was a few years ago a wilderness of cattle ranges, a delightful place to live in.

WILL PRESENT GOV. HUGHES.

New York, April 10.—The Republican State convention which is to name delegates-at-large to the national convention and instruct them to vote for Governor Charles E. Hughes for the Presidential nomination will assemble in Carnegie Hall tomorrow morning. Former Lieutenant Governor M. Linn Bruce will call the gathering to order and act as temporary chairman. Representative James Sherman has been selected to preside as permanent chairman.

GEN. BOOTH 79 YEARS OLD.

London, April 10.—General Booth, founder and head of the Salvation Army, was seventy-nine years old today. The event was celebrated in this city with exercises in which 25,000 or more members of the army took part. The general is beginning to feel the weight of his years and his followers in other lands have been given to understand that in all probability he will never be able to pay them another visit.

M'FARLAND AND BRITT READY.

San Francisco, Cal., April 10.—Interest in the fight between Jimmy Britt and Packie McFarland has hivened to a noticeable degree as the date for the encounter approaches, and Coffroth's club promises to be crowded with ring enthusiasts when the going calls the lightweights into the ring tomorrow afternoon. The main event will be put on at 3 o'clock, according to present arrangements.

PENNSYLVANIA'S FIRST PRIMARY

Pittsburg, Penn., April 10.—The first primary election under the new law of Pennsylvania is to be held tomorrow, and politicians of all parties are awaiting the results with keen interest. From all indications more voters will participate in the primary than in any previous election.

Commissioner J. C. Blume of Bain Prairie was in the city yesterday.

BOYS PERISH IN A FIRE.

Little Fellows Meet Death on
Fifth Floor of Tenement.

HEROIC ACT OF MOTHER.

With Her Eighteen-Month-Old Child In
Her Arms Woman Dashes Through
Fiery Element, Flesh of Feet Falling
as She Rushed to Safety.

New York, April 10.—Two small
boys were killed and several other per-
sons injured early Friday in a fire
which caused a loss of \$20,000 to a
five-story tenement house in Platt
street. The fire drove twenty families
from the homes in the five-story build-
ing and emptied tenements and lodg-
ing houses for a block.

The boys who perished were the
children of Jacob Chesner—Willie, four
years old, and Solomon, aged three
years—who lived on the fifth floor.
The mother saved herself and her
eighteen-month-old daughter, only af-
ter she dashed through the flames
which set fire to her hair and burned
the flesh from her feet. The father
saved himself and eldest son, six years
old, after the flames had circled him,
burning off his hair and beard.

ANARCHISTS ARRESTED.

Three Well Known Ones Taken In
Charge by Paris Police.

Paris, April 10.—The police of this
city have taken into custody three well
known anarchists, named Kuhn, Reux
and Russell. They also captured a
cart loaded with dynamite, which the
prisoners had in their possession. The
strictest secrecy is being maintained
in regard to the affair, but it is be-
lieved the men are connected in some
way with the plot directed against
those who took a prominent part in
supporting the gigantic lock-out of
workmen which went into effect at
this city April 4.

MESSAGE COMMENDED.

London Times Says It Will Command
Support of Civilized World.

London, April 10.—The Times in an
editorial on President Roosevelt's mes-
sage on anarchy says the president has
entered upon a campaign that will
command the sympathy and moral sup-
port of the civilized world. Fuller par-
ticulars of his proposals, says the
Times, will be awaited with the deep-
est interest in all the states of the old
world. Whatever may be thought the
prospect of his struggle with this ter-
rible evil, honest men everywhere wish
him victory in the fray.

Scout Cruiser Turned Over.

Boston, April 10.—The scout cruiser
Birmingham came up the harbor from
the yard of her builders, the Fore
River Shipbuilding company, and for-
mally turned over to government of-
ficials at the navy yard. Commander

new craft.

Car Robbed by Tramps.

mission issued an order cancelling an
order issued in February requiring
railroad companies to keep under op-
erating expense accounts the gross
amounts paid and received for freight
and passenger train cars, mileage and
per diem, under head of "Fire and
Equipment." The cancellation of this
order has the effect of making the
commission adopt the present method
of the interstate commerce commis-
sion in keeping these accounts.

For Wilful Perjury.

London, April 10.—Miss Mary Rob-
inson of the witnesses in the Druce
case was sentenced at Old Bailey to

TEN MINERS KILLED.

Several Members of Rescue Par-
ties Barely Escape.

Bath, Eng., April 10.—Ten miners
lost their lives in Norton Hill colliery,
Somersetshire, as the result of an ex-
plosion of gas from coal. The first
rescue parties to go down were over-
come by fumes in the mine and were
saved only with the greatest difficulty.
Some of them are in a precarious con-
dition.

ACTOR'S CLOSE CALL.

Wagon Overturns and Daniel Sully Is
Rendered Unconscious.

Kingston, N. Y., April 10.—Daniel
Sully, an actor, had a narrow escape
from being killed near here. Sully
lives at Woodstock. He had been to
this city shopping and while driving
home the team ran away. The wagon
struck a stone and overturned, throw-
ing Sully out. He landed on the side of
his head and shoulder.

He was picked up unconscious and
carried to a house and hospital am-
bulance from this city sent for. Doc-
tors say no bones were broken and
think no serious results will ensue.

Akron, O., April 10.—Antonio Pes-

on fire in a padded cell of the county
jail and was burned so badly he will
die. In attempting to rescue Pessol-
ino Deputy Sheriff James Corey was
